SHARER, Riven, fell about two inches yesterday, at the head of the falls, with seven feet four inches water in the canal, by the mark. On the falls there were five feet four inches in the pass, and four and a half feet steamboat water. The weather was cool, but turned quite warm, and cloudy yesterday, with indications of rain, and the wind from the East.

The river at Pittsburgh yesterday was slowly receding, with eight feet two inches water in the canal, and the tide departed for the day.

At Cincinnati yesterday at noon, the river had risen two inches.

The Mississippi at St. Louis yesterday was slowly swelling, with eight feet to nine feet water to the falls, and the river had receded for the day.

The Bay City left St. Louis for the Ohio river Monday.

THE REPUBLIC.—By special dispatch from Mack-

lin, at Evansville, learn that the Repub-

lican, Capt. John W. McLean, will be at

that point yesterday. She is due to-day,

and returns to New Orleans to-morrow, Thursday evening.

The Harrison Bridge discharged at Evans-

ville 304 barrels of pork, 200 barrels of flour, and 11 barrels of bacon.

The late rates in the Southern rivers have

caused the Mississippi at New Orleans to rise nearly full tide, though falling at points above.

The coster packet Empire yesterday had a

large amount of produce, provisions, grain and

marketing, as well as four or five passengers for this port.

She is doing a heavy business.

For Mass., the regular

steam packet for Cairo this evening.

She starts at 4 o'clock from Portland, and takes passengers and freight to all points along the Ohio and Mississippi.

The Southerner is popular

in the Southern rivers, accomodating officers, Capt. Triplett, and J. B.

Archer, the clerk, who spare no exertions to

please, and always do a heavy way business.

The Illinois river was reported very low, with a small rise expected.

Thanks to E. B. Seelye, clerk of the star

packet Harrison Bridge, from Green river, for a

manifest.

Capt. Everhart has determined to make weekly trips, and the Bridges returns to Bowling Green and is again at landing this evening at 4 o'clock.

Ships from the river.

The Great Eastern Convoy—It is a special

dispatch from New Orleans from Capt. Spots, we

learn that the Eclipse, with a full load for this

port, was to start last evening. She will be due

here to-morrow, and to continue permanent

to the trade.

BOWLING GREEN ATTACHED.—The Bowling

Green, a river packet, arrived here yesterday after attachment.

She had been plying be-

tween Evansville and Bowling Green, but

had been plying to the port, where she is now laid up.

Thanks to the attentive clerks of the last

packet Tishomingo, from Henderson, for a

manifest.

The Tishomingo having been detained, took

her departure to Henderson, and all way places

thus morning. She goes at 10 o'clock from Port-

land.

For the East.—The Telegraph No. 3, the long-

armed champion of the Ohio, is the mail and pas-

senger packet for the East, at noon to-day. She

is now at Cincinnati, and connects with all

the early trains going East.

The Dove is the packet for Kentucky river to-day.

The Unio has deferred her departure till morrow, her regular day.

Five Miles.—A drove of 150 miles, the pro-

duct of which, will be transported by transpor-

tation South, today, to-morrow, or Monday, by good

courier boat. These are fine mules, masterful

work, including their number, a pair for

which has been offered and refused.

No. 5, in on the Ohio. The Or-
